

Parent Acknowledgement of Emergency Plan for LSUA Children's Center

I have received information concerning the Emergency and Evacuation Plan. I am aware that a complete copy of the plan is posted by the front door of the center. I am also aware that I may be provided with a copy of the complete plan upon request. I am aware that I will be notified immediately in the event of an emergency or evacuation. It is my responsibility to ensure that the Center has the most recent and accurate contact information for me and everyone on the pick-up list.

I have been informed that in the event of an evacuation children will be relocated to Riverview Baptist Church. A map of the location is posted by the front door of the center.
